

## Spring 2013 Society HOD Bulletin

We frequently hear how important it is that Governing Bodies and our Musical Teams work together so it goes with your Society Board and BHS Operations Staff...thus the *new* format of this House of Delegates Bulletin. Included in this bulletin you'll find Governance and Operational information, which is intended to keep all our membership "in the know"! Please post this HOD Bulletin to your District Website and encourage chapters to share it with their members.

## International Convention

All Society members and their families should make plans now to attend the 75th Anniversary Convention in Toronto this summer. Registrations are tracking well ahead of last year at this time and have almost passed the 5000 mark! We're not surprised, as Toronto has a ton to offer as a destination spot.

The city and surrounding areas offer much to do while you're there. From downtown's CN Tower to a short drive Niagara Falls for the sightseer, or if you're a barbershop junkie, the Toronto barbershoppers have an exciting show on Monday of the week. There's much to do and see no matter what your preference.

You asked and we listened...We have loosened the schedule this year to give you some free time on Saturday to explore Toronto and all it has to offer. We're also planning an exciting one-hour kick-off show to the Saturday night finals that will be a cannot miss event!

The local convention committee is hard at work preparing an exciting time for YOU! For more information and register online, visit [www.barbershop.org/toronto](http://www.barbershop.org/toronto).

### The Second Half-Century

The first five decades have taught several vital lessons. First of all, it becomes evident that Society members have not yet fully caught the vision of service and public awareness contained in Article II of the Society Bylaws. Perhaps barbershoppers have indulged their bent toward self-entertainment at the expense of the greater, outside world of public awareness and service.

### Summary notes from Society Board meeting (Jan. 2013)

#### Finances

- To assure the upkeep of our Society's headquarters building, staff has developed a Long Term Capital Replacement Schedule.
- 2012 Society audit will begin in April with the final report expected at the July 2013 Board meeting.
- The CEO presented the 2013 Society budget to the Board for review. The budget was adopted as presented.
- The Board directed G&B to develop wording to clarify the purpose and functionality of a possible Finance Committee. The Board will discuss G&B's proposed wording and possible adoption of this standing Board committee at its Spring Board meeting.

#### District Judging Panel revisions

In an effort to help districts control costs BHS Staff and the SCJC have submitted to G&B a document for the development of language of contest rules regarding district judging panel revisions. G&B will present to the Board a proposal of changes to be considered for adoption at the Board's Spring meeting.

#### Committee Descriptions

President Elswick is working with Governance & Bylaws to review Governance Manuals and the Society Bylaws in an effort to simplify and clarify language, especially related to various committee descriptions.

### **Mixed Harmony Affiliate Task Force**

The task force had been charged with identifying the opportunities, benefits, obstacles, and consequences of establishing such an affiliate organization and with providing the preliminary framework for the structure, programming, and purpose of the affiliate. The task force will continue their work with Governance and Bylaws to set up an organizational structure for the Affiliate organization, formulating the required bylaws, incorporation, etc. The task force is expected to submit a final report at the spring meeting.

### **Global Strategy Development Task Force**

The Task Force and Society CEO have been working in tandem to address unresolved questions of our Affiliates. The Task Force is now free to move forward with non-operational issues. Board discussion is ongoing regarding the desired future outcome of the Board's global efforts.

### **Foundation for a Lifetime of Learning Task Force**

The task force recommends that the Barbershop Harmony Society should consider being the creator of homeschooling vocal music curriculum in a joint effort between the Society, Sweet Adelines International and, Harmony Inc.

### **Information Technology Policy**

The Board adopted a new Information Technology Policy which is intended to maintain, test, and regularly revise plans for continuing business operations in the event of a natural disaster and/or system failures. This includes a tested system and process to back up and recover media needed for supporting the Society. G&B will insert this new policy statement in the Society Rules and Regulations Handbook and reissue the manual.

### **23K Task Force Proposal**

The concept of a 23K Task Force was presented to and approved by the Society Board and the District President's at the Midwinter Board Meeting. The 23K team is a group of outstanding volunteers who are dedicating their time to creating and managing a new infrastructure to support member communications. Led by Montana Jack Fitzpatrick, their first audacious goal is to contact as many members as possible and to get feedback and suggestions. In addition, this effort will attempt to restore the database of life skills, talents and interests of our members and to identify those who are willing and/or interested in serving in future volunteer projects. The team is nearing the completion of their beta test and an update on their progress will be delivered to the Board and DPs in March.

## Lone Star Harmony Brigade

An additional Brigade will soon be added to the growing ranks of Society Subsidiary Brigades. The Board approved the Lone State Harmony Brigade as the newest subsidiary of the Barbershop Harmony Society.

## District Presidents

District Presidents have been focusing on membership growth and retention for the past few years. Our DP's are now focusing on "What is the value of being a part of the Society"? "How can we get that value message out to others?" Working together we can establish our value proposition and share that with our chapters and future members.

## 7th Annual International Youth Barbershop Chorus Festival

In 2014, the venue takes us to the Terrace Theater in Long Beach, CA. The acoustics will be spectacular. Continue to get the

word out! The benefits of the Festival are

significant and can be life-changing for everyone who attends. Don't miss out on a wonderful opportunity to participate (financially, in person, sponsorship, etc.) in this exciting outreach program. Many schools like to plan a year or two in advance, promote our 2014 Festival in Long Beach, CA, on January 31, 2014. Create the demand for one of the

best male chorus festivals in the world. Registration opens March 1<sup>st</sup>. Check out the new website. ([click here](#))

## Midwinter Convention – Long Beach, CA

Plans are already underway for the 2014 Midwinter Convention in Long Beach, CA to be held from January 28-February 2, 2014. The city offers a fun (and warm) atmosphere; full of things to do and places to see. The

shows, festival, and competition will all be held in the beautiful Terrace Theater just walking distance from the convention hotels.

Registration began at Midwinter Orlando, so be sure to register early to ensure a great seat! [www.barbershop.org/longbeach](http://www.barbershop.org/longbeach).

## Chapter Development (Membership)

One of the 2013 Society AIMs is to stabilize membership. On Dec 1, 2012 our membership resided at 23,583, and our goal on Dec 1, 2013 is to achieve 23,583 or more members.

Total Members on February 1, 2013 was 22,939. This compares to 23,547 members a year ago on that same date. A significant emphasis is being placed on the renewal rate of first year members. The largest demographic of non-renewals are members at the end of their first year of membership. Currently only 59% of them renew after the first year. Our goal in 2013 is to increase that number to 69%.

Our January 2013 renewals have been significantly late compared to budget. (see above graph) Please encourage your members to renew more timely or recommend they enroll in our EZ Dues program so they can spread their payments across a 12-month period.

Speaking of EZ Dues, the new default method of payment for all new members will be via the EZ Dues program. New members can get their first year dues at ½ the price by taking advantage of this program. Our goal is to double the number of EZ Dues participants by the end of 2013. A detailed explanation of this program can be found at <http://tinyurl.com/at9d6bd>.

Operation Harold Hill launched on 1/1/12. 457 chapters signed up to participate. We are currently in the process of finalizing the results and individuals and chapters will be notified of their achievements over the next several weeks. A final report will be presented in the Harmonizer magazine. In the meantime, the OHH website will remain active as it

contains excellent resources to assist chapters with membership growth programs. Visit [www.operationharoldhill.com](http://www.operationharoldhill.com) for more details.

## Harmony University

HU 2013 – July 28-August 4, St. Joseph, MO

There are very few associations that actually produce a FUN, week long educational experience like HU. And this year will be no exception. Seeing the generations of harmony displayed around the campus throughout the week demonstrates the gift we have as a society. In terms of registrations, we are way ahead from years past...example, seven quartets have already registered where last year at this time we had zero. Here are some additional highlights:

- One NEW attraction at HU is to have your entire chorus attend HU. George Davidson of Sound of the Rockies stated this about their chorus' experience from last year, "...this was a transformational event for our guys...thank you for accommodating our needs and finding the right coaching and right HU balance." Consider having your entire chapter attend HU, July 28<sup>th</sup> – August 4<sup>th</sup>, 2013 or start planning for 2014! We already have one chorus registered for 2014.
- Keynote Speaker – Dr Tim Sharp, Executive Director, American Choral Directors Association, [www.acda.org](http://www.acda.org)
- To register, click here: <http://www.barbershop.org/hu>
- Click here to see the promotional video for 2013 – <http://www.youtube.com/watch?v=Oqli-wen16c>

- 85 total scholarships available through the generous support through Harmony Foundation. Scholarship opportunities for quartets, Directors, Assistant Directors, Music Educators, first time attendees, and arrangers – STILL TIME TO RECEIVE A SCHOLARSHIP. Click here for more information - <http://www.barbershop.org/scholarships.html>
- 50 accomplished instructors teaching over 75 courses
- INTENSE coaching for your quartet OR chorus (discounted group rate for choruses)
- Saturday Night Show featuring our 2012 International Quartet Champions, Ringmasters!

Attendance is currently running 135% ahead of last year's numbers!

## Harmony Explosion Camps

In 2012, 15 Harmony Explosion camps took place, and 1241 students and 33 teachers attended. Districts who have held camps thus far are JAD (2), CAR (2), SUN, MAD (2), DIX, EVG (2), SLD, PIO, LOL, FWD, and RMD. A total of \$69,500 was contributed directly to these camps by the Harmony Foundation.

By comparison, in 2011, our total numbers for the year were 13 camps reported, with 1155 students, 50 music educators, and a total of \$69,100.00 was donated to these camps by the Harmony Foundation.

Beginning in 2013, Harmony Explosion Camps are required to submit a Grant Application Form to qualify for funds from the Harmony Foundation. Our new strategy is to prioritize the funding towards start-up and growth Harmony Explosion Camp initiatives. Exceptions will be considered depending on the application submitted by the local chapter and reviewed by the BHS YIH OT Committee and HFI.

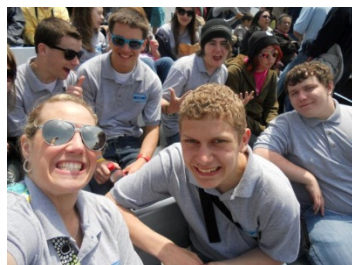

In today's world of philanthropy, it's very important for the BHS to gather data points on how the grant is being spent so we can produce appropriate results back to the donor base. Currently we've been accepting surveys as collateral for payment without understanding the entire program being offered for future funding validation and growth.

## Youth Harmony Workshops

For 2012, we have had 46 total workshops with 7536 students and 288 teachers in attendance. Districts hosting these workshops are CAR (1), CSD (9), DIX (1), EVG (2), FWD (4), ILL (5), LOL (9), MAD (4), NSC (1), PIO (1), RMD (2), SWD (1), and SUN (6). A total of \$54,600 was contributed directly to these workshops by the Harmony Foundation.

In 2011, 51 workshops were reported, which reached 7109 students, and 315 music educators. A total of \$39,500 was donated to sponsoring chapters in support of these workshops.

Beginning in 2013, Youth Harmony Workshops are required to submit a Grant Application Form to qualify for funds from the Harmony Foundation. Our new strategy is to prioritize the funding towards start-up and growth of Youth Harmony Workshop initiatives. Exceptions will be considered depending on the application submitted by the local chapter and reviewed by the BHS YIH OT Committee and HFI.

## Midwinter Convention – Orlando, FL

The convention in Orlando was a success on many levels. Total attendance peaked at just over 2100, we crowned a new International Senior Quartet Champion, Border Patrol from the Ontario District, and saw another incredible youth chorus festival with 19 youth choruses. You can read a short summary online at [www.barbershop.org/orlando](http://www.barbershop.org/orlando).

Feedback from surveys:

### FROM TEACHERS:

"4 weeks ago, I barely knew barbershop even existed. Now after this trip...oh man I can't believe I'm saying this...I can picture myself as an old man, still singing barbershop."

"Its a unbelievable experience that will be a lifelong memory for all of the boys in the chorus. It's a bonding experience that is so rewarding, fun and enriching to these young men's lives.

I believe it has helped inspire more young men to continue singing for a long time to come. It's has also exposed barbershop to many new singers. Without this experience many of the guys wouldn't have been so inspired and excited by vocal music."

"You have made it possible to instill a great form of music in my students"

"Your contributions have provided many young adults and youth the opportunity to engage in pro-social activities that are safe and educational. You have impacted not just a few kids, you have impacted society as a whole."

### FROM SINGERS:

"I really don't have words for how great it was. Just imagine all the most positive adjectives you can in a giant clump, and that comes close. It was an unforgettable experience that I will treasure the rest of my life. It was especially remarkable considering that I just started singing for the first time a few months ago, having no idea what barbershop even was. "

"The Youth Chorus Festival sealed the deal; it showed me that the barbershop culture is alive, well, and big, but still very friendly and accessible."

"The Midwinter convention, and the Youth Chorus Festival in Orlando were absolutely life changing for me! It was one of the most wonderful experiences I've ever had."

"This festival is so important to so many people in our community... It keeps a lot of us out of trouble and gives us something to look forward to"

"It's really brought my younger brother and I closer. We have a really awesome common bond now which is all through barbershop!"

"Maybe I'm just still on a high from the weekend, but this was one of the greatest experiences of my life to this point. I was really overwhelmed when I came into the mass rehearsal Thursday to feel the excitement of several hundred youth singers together. I feel like this kind of program is what barbershop is all about."

"I've only started 6 or so months ago, but barbershop has changed my life. This was an amazing experience that I would never forget, and will carry with me for the rest of my life."

"It was pretty much life changing, and because of it, I'm definitely going to stick with Barbershop because I've gotten to experience just how awesome it is!"

## Youth Chorus Festival

The Youth Chorus Festival in Orlando tied for the biggest ever with 19 different choruses from throughout North America, with many repeat choruses, including one that has competed in all five contests. The night before the contest, hundreds of young singers mingled with Harmony Foundation donors at a pizza party, with the singing lasting long after the pizza was gone. Harmony Foundation also covered the cost of the youth registrations and hotels as well.

Friday of the Midwinter convention was dedicated almost exclusively to the Youth Chorus Festival. The quality and enthusiasm continues to rise each year. Although the festival is not a competition per se, each chorus presented two barbershop songs that were scored according to regular contest rules, as well as an additional song of its own choosing. The level of singing and performance exceeded what could be found on most district stages, with 12 choruses scored higher than some of the competing international choruses in Portland. One chorus, The Recruits (with ties to the Ambassadors of Harmony in St. Louis) posted an amazing 85.2, which would have put them in the top 10 for Portland.

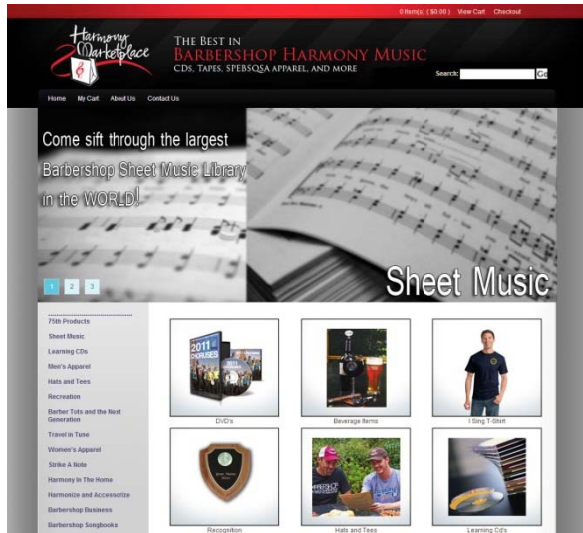

The Youth Chorus Festival has brought hundreds of new singers into the barbershop orbit over its five-year history. Some choruses have gone on to become Society chapters, including the Northwest Vocal project, which placed sixth in international competition in Portland.

It's working! This year's International Youth Barbershop Chorus Festival brought **more than 450 young men** to Orlando, Florida for an unforgettable "mountain top experience," made possible by scholarships from Harmony Foundation **totaling more than \$170,000**.

In recent years, the Barbershop Harmony Society has been dramatically expanding its presence at music industry gatherings and our lineup of activities at this year's ACDA convention are aimed squarely at helping music educators bring young men into their school music programs by delivering music and activities that are fun, accessible, and promote healthy vocal habits and performance skills.

## Financial

### **Taxes**

All US chapters, districts and subsidiaries (Brigades, etc.) must report to the IRS by May 15th each year. The IRS is now requiring ALL non-profits, regardless of size, to file an annual return. This is done by using one of the following:

- Form 990-N (electronic filing only—not a paper form) for organizations with gross receipts of \$50,000 or less
- Form 990-EZ for organizations with gross receipts less than \$200,000
- Form 990

Failure to file timely can result in either financial penalties for each day a return is late or loss of non-profit status or both. Loss of non-profit status would cause all receipts to become taxable. Please ensure that the appropriate filing is sent to the IRS by May 15th.

### **Financial Reviews**

ALL chapters, both US and Canadian, must complete a financial review for 2012 by May 15th. This is not difficult, is not an audit and merely requires a financially savvy person, other than the treasurer, to inspect your books.

Please send copies of both your 990 filing and your financial review to headquarters once these steps are complete. Please also update your chapter's eBiz page under the "Financial Filings" heading to indicate that these requirements have been met. Lists of non-compliant

chapters are pulled from the eBiz data, so updating it will prevent your being contacted unnecessarily.

### **Insurance Certificates**

Please note that our general liability insurance certificates as well as the request forms to get a third party listed as an additional insured are available on the Society's website. Beginning in 2013, Canadian requests are processed by our Canadian agency (Excel Insurance) while US requests will continue to be processed by our US agency (The Crichton Group). Contact details for each are on their respective request forms.

### **ASCAP**

Please note that the minimum annual ASCAP fee for 2013 has increased to \$235. The updated ASCAP form is available on the Society's website.

## **eBiz / Aptify**

Over the past several months, we have been in the process of upgrading our Aptify membership management software. We are excited about the ways in which the newer software will allow us to better serve our members. Testing will occur throughout the month of March, with a go live date currently set for April. Please be patient with us as eBiz may occasionally go off line. Your user interface, via eBiz, should remain the same during this upgrade period.

Post upgrade, we plan to incorporate some of the new software capabilities into eBiz enhancements for our members, districts and subsidiaries. Stay tuned for more details to come!

## **Thank You**
