

District VP for Membership and Outreach Report

As of 12/31/2016, total membership for Illinois District was 852. (873 in 8/2016, 883 in 2/2016). A membership summary is included with this report.

I attended the membership class at the leadership summit in Elgin on January 14. The class was focused on the Ready Set Sing program. I believe there were 9 in the class, which was well received.

The following week, I sent an introductory email to the membership VP of each chapter. Where ebiz was not updated, I sent the email to the previous membership VP or the previous president. In this email, I briefly discussed the Ready Set Sing program and offered to provide more information to those who could not attend the summit. There was interest from several chapters. I presented more detailed information to a few chapters via video conference and will be happy to do so with other interested chapters. There are a lot of example documents and other information for this program, so I would like to go over several important points and documents to give the chapter the best chance of success with the program. The video conference will take around 1 hour and only requires an internet connection and average computer. Contact me at patc5477@yahoo.com for further details.

Going forward, I plan to correspond with the membership VPs every month or two to highlight different programs and to share successes.

Pat Claussen

District VP of Membership and Outreach
