		TOTALS	1086	997	981	60	-16

\* As was the case a year ago, there are seven chapters with fewer than 12 members. BHS has the criterion that no chapter should persist below 8 members for any length of time. If a chapter's membership were to go below 8 and that circumstance would persist for 12 months after being so noted in HOD minutes, it could be established as a district policy that the Secretary would place an agenda item for the next upcoming HOD meeting to consider revocation of the charter of any or all such chapters that have persisted in having fewer than 8 members (not counting those whose dues might be overdue) at the time the matter would come up for consideration at an HOD meeting 12 or more months later. Chicago Number 1, Quincy and Sandoval chapters presently and persistently had fewer than eight members for more than a year. Unless there is one or more special circumstance to be noted to belay consideration of revocation, the HOD would vote whether or not to make such revocation(s) at that time. The membership VP will make an assessment yearly for potential revocation(s) to be considered and so advise the District Board. Sing-cerely, Hugo Feugen, DVPM
