

Greetings all,

Here is the Chorus Director Development report 3.18.23

At Harmony College Midwest, I asked that board members visiting chapters ask directors what topics would compel them to attend a Director workshop (directing techniques? Warm-up ideas? Score analysis? Time management? Etc) . I also asked if they could find out which month(s) would be the most convenient time for directors to attend a workshop.

Kevin Keller suggested asking directors to complete this sentence: "I just attended the BEST directors' workshop and we learned _____."

Since, then I've been wondering if we should also ask if there is a specific clinician with whom directors would like to work?

In addition to asking at chapter visits, do the board members think a google form/survey sent to the directors would get us more responses in a shorter amount of time?

Respectfully submitted,

Carrie Marcotte
