

Planning for HCM 2024 is off and running. We have Debbie Cleveland lined up as the guest clinician, 2023 Champs Midtown as our featured quartet, and many other great faculty that we are currently lining up. HCM will be February 16-17 at the DoubleTree Hotel in Bloomington again this year. After last year's great turnout, we are looking for even more ways to reach out to our Illinois members, as well as members from nearby districts. We are working hard to balance a budget and find the right blend between making the event affordable so many can come, but also working toward breaking even on the event. These two things can be tough to balance, but we are doing our best.

Thanks  
Tim
